

The Achievement Center at RVCC

THE FACTS

Academics

The Achievement Center at Raritan Valley Community College is a Three-Year Certificate-based, post-secondary program for students with intellectual and developmental disabilities interested in developing their education for continue to gain skills to enter the workforce or expand on their educational pursuits. The Achievement Center is operated by The Arc of Somerset County in partnership with Raritan Valley Community College.

The Achievement Center recognizes that every student learns and processes information differently. Through the use of student-centered curriculum and individualized strategies, the Achievement Center provides a bridge and support to help students achieve their individualized goals.

Our college-level classes and student-centered approach empowers our students to find the right learning tools for them. To meet their goals, the Achievement Center has created academically inclusive and specialized classes include instruction in

- Reading Comprehension and Critical Thinking
- Writing and Research
- Public Speaking and College Presentations
- Employment and Career strategies
- Interpersonal Communication
- Social Skills Training
- Functional Mathematics
- College Planning and Strategies

Through these series of classes' it offers our students an opportunity to "learn their voice" and acclimate themselves to the classroom and college experience. Each student learns differently and demonstrates their knowledge of class material in various ways. The Achievement Center helps students identify their study habits; note-taking skills; self-advocacy in the classroom and on campus; and learn advantages to student planning and time management.

We challenge our students to critically examine reading material (short stories, poetry, novels); explore their writing abilities (Essays, Research papers); communication and social skills training; career development; computer classes, and oral presentations. As a result, our

students build confidence, empowerment, independence, and create new individual goals and aspirations.

Admission to The Achievement Center

The Achievement Center at Raritan Valley Community College is a Three-Year certificate-based, post-secondary program (not an accredited college degree program) for students with intellectual and developmental disabilities. Our admission process includes a completed application; documentation of intellectual disability; in person interview; and latest copy of Individualized Education Program (IEP).

Instructions for Completing the Student Application

Applications are accepted online throughout the year. We are currently accepting applications for our Academic Year for the Fall/Spring/Summer semesters 2022/23 campaigns.

- After your completed applications has been submitted, you will receive written confirmation that it has been received. Applicants are contacted regarding their application and mandatory student/parent/family/guardian interviews are scheduled.
- Students wanted to be considered for this program must present documented disability that is characterized by significant limitation in intellectual functioning and in adaptive behavior. Due to space limitations, not all applicants who file an application and meet the criteria for admission will be accepted into The Achievement Center program.
- Students who are accepted to the program and meet academic requirements will receive a Certificate of Completion. Please note that acceptance is for a one year/2-semester period and are renewed annually as needed. We have a separate graduation eligibility document that lists required classes for Certificate of Completion.

COSTS

- Classes offered by The Achievement Center are \$1,050 per class, per semester.
